

Aeroplane Bingo!

First step

Download a flight tracker app. Most are free for basic features.

Second step

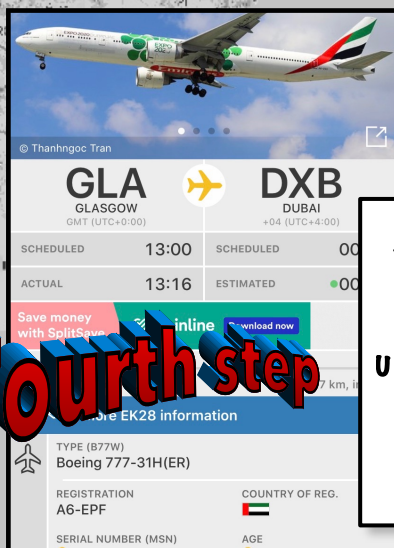

Choose an area of the world to find an aircraft.

Third step

Choose an aircraft at random. Its basic details will appear at the bottom of the screen.

Fourth step

The task is to create a ten minute fact file about the city or country that the plane is flying from (or to). The task undertaken regularly develops excellent research skills and presentation of info as well as international knowledge. Use Pages, Pic Collage or Keynote for presenting findings.

WHO WILL YOU BE?
